

SCHUYLKILL RIVER PARK COMMUNITY GARDEN RESOLUTION

Resolution

Whereas, Center City Residents' Association ("CCRA") maintains a separate bank account the monies in which are used for the operation, maintenance and improvement of the Schuylkill River Park Community Garden (the "Garden") and the balance of such account per CCRA's books and records as of June 30, 2021 was \$23,003.79 (the "Balance");

Resolved, that, beginning July 1, 2021, the Balance shall be designated for the exclusive purpose of operating, maintaining and improving the Garden, that all Garden plot fees, waiting list fees and other funds designated for the Garden shall be deposited into this Account (or a successor account) to increase this Balance, and that all Garden expenses shall be paid from this Account (or a successor account) to reduce this Balance.

Nothing in this resolution should be read to imply that CCRA funds not maintained in the Account (or a successor account) cannot, following normal approval procedures, be used for the operation, maintenance and improvement of the Garden.
